## Education

 **James Madison University** B.S.  
Computer Science Harrisonburg, VA • August 2023 - May 2027

## Experience

 **JMU Learning Centers** Harrisonburg, VA  
PASS Leader Spring 2025  
Facilitated peer-assisted study sessions for MATH 231 students, led two weekly meetings focused on problem-solving and conceptual understanding, participated in professional development and leadership training, and conducted peer observations to continuously improve instructional effectiveness.

 **J&M Auto Parts** Shenandoah, VA  
Summer Employee June 2022 - Present  
Worked at a family-owned auto parts business during the summer, where I handled deliveries, managed inventory by stocking and organizing shelves, answered phone inquiries, and assisted customers with their needs. This role strengthened my customer service, organization, and communication skills while requiring me to work efficiently in a fast-paced environment.

## Projects

 **RimpleX** Spring 2025  
Collaborated with a team of six students over an 8-week cycle to design and develop a fully functional imaginary number calculator with multiple features, utilizing Agile/Scrum methodologies such as sprint planning, daily stand-ups, and retrospectives.

## Leadership

 **JMU Marching Royal Dukes** Harrisonburg, VA  
Visual Section Leader August 2025 - December 2025  
I collaborated with the leadership team to run efficient rehearsals, taught marching fundamentals and visual performance techniques, and served as a mentor and role model for trumpet section members.

 **Upsilon Pi Epsilon (ΰ)** Harrisonburg, VA  
Member Spring 2026 - Present  
Inducted into the international computing honor society, restricted to the top 11% of CS majors in 2026.
